Category	Grinders - Roll	
Manufacturer	Farrell	
Model	75" Special	
Serial	57a712	
Year	Installed in 1960	
Maximum Grinding Diameter @ 156"	24 - 36 in	609.6 - 914.4 mm
Maximum Grinding Diameter @ 96"	75.00 in	1905 mm
Distance Between Centers	156.00 in	3962.4 mm
Wheel OD Maximum	36.00 in	914.4 mm
Wheel Dresser	Hydraulic Wheel Dressing Unit	
Wheelhead Travel	156.00 in	3962.4 mm
Grinding Wheel Head Capacity	36.00 in	914.4 mm
Coolant	Yes, Flood, 300 Gallon Tank	
Filtration System	Filtration Separator System	
Power	100 A / 240 V / 3 Ph / 60 Hz	
Additional	Two-bed design – Front for work and rear for grinding head, shoulder grinding reversing control feature, automatic way lubrication system, electrical pick-up assembly, worm gear type headstock travel, hydraulic wheel dresser unit, Pope spindle type P-13015, leveling blocks, micrometer adjustment – tripping device	
Machine Length	348 in	8839.2 mm
Machine Width	144 in	3657.6 mm
Machine Height	120 in	3048 mm
Weight	200000 lbs	90718.4 kg
Condition	Excellent
